

Call for Participation

We invite you to join us in **7th International Conference on Big Data and Blockchain (BDAB 2026)**

This conference invites high quality research contributions that advance the theory, systems, and applications of large scale data analytics and decentralized technologies. As Big Data, AI, and Blockchain continue to converge and reshape digital ecosystems, BDAB 2026 provides a premier international forum for researchers, practitioners, and industry innovators to present breakthroughs, discuss emerging challenges, and explore the future of trustworthy, data driven systems.

Highlights of BDAB 2026 Include:

- 12th International Conference on Natural Language Processing (NATP 2026)
- 12th International Conference on Software Engineering (SOFE 2026)
- 12th International Conference on Information Technology Convergence and Services (ITCSS 2026)
- 12th International conference on Advanced Computing (ADCOM 2026)
- 7th International Conference on Cloud Computing and IoT (CCCIoT 2026)
- 7th International Conference on Artificial Intelligence and Big Data (AIBD 2026)
- 7th International Conference on Signal Processing, VLSI Design & Communication Systems (SVC 2026)
- 12th International Conference on AI, Computer Science and Information Technology (ACSTY 2026)
- 7th International Conference on Machine Learning and Soft Computing (MLSC 2026)
